

ELLISSE PENDANT TRIPLE

Federico Palazzari

LED pendant lamp, available in five versions: major, minor and double, triple and mega, widespread direct or indirect lighting. Extruded aluminium painted matt white or matt black, polished or glossy gold anodized. Opaline diffuser. Ellisse is manufactured through a proprietary technology to combine the extruded bars (patent pending). Major version available also for wall and floor applications, with a marble base on the floor version and with a wall kit mounting on the wall one.
